Lunar letters: ا ب ج ح خ ع غ ف ه و هـ ي Solar letters: ت ث د ذ ر ز س ش ص ض ط ظ ن عmission points[edit]There are 17 emission points (makhārij al-ḥurūf) of the letters, located in various regions of the throat, tongue, lips, nose, and the mouth as a whole for the prolonged (madd or mudd) letters.. The manner of articulation (ṣifat al-ḥurūf) refers to the different attributes of the letters.. The remaining letters – the muraqqaq – have a 'light accent' (tarqīq) as they are pronounced normally, without pharyngealization (except ع, which is often considered a pharyngeal sound)..
